RE: Enthusiastic and Hard-Working (Software Developer)

Dear Hiring Professional,

As a recent graduate from **S.K.S.V.M.A.C.E.T, Laxmeshwar** with a **Bachelor of Engineering in Computer Science**, I am extremely interested in the **Software Developer** opportunity posted on the Your Company website. After reviewing the key qualifications for this role, I am confident that I am well-prepared to be a valuable asset to the company growth and success.

Throughout my academic journey, I applied a strong focus on building my **programming and software development** abilities, it was Hard Initially(As someone from **Non-CS PUC** Background) but i took it as a Challenge. I am mainly oriented in Learning **new Tech.** and application of Those Knowledge . I work best in roles which involves **Development of Software** , and also allows me to make a positive impact while using **Critical problem-solving, Decision-making** to resolve issues and achieve Targeted **Goals**.

As you review my resume, you may notice 1 year gap in my Job Search. I had Personal Things to take care of . While managing the logistics of my family Responsibility, I studied industry news, trends and events to keep my knowledge current. I am now settled and prepared to take the next steps in my career. I hope i can get an Opportunity to execute my Skills, to be a Contributor to Org. Success and Learn a lot in the journey.

My academic strengths have greatly contributed to the development of my **critical thinking, decision-making** and **teamwork** skills. I bring clear and effective communication to build professional connections with co-workers, management and customers. I would welcome the opportunity to further discuss the details of my experience and attributes which I believe will be an asset to the Any team. Please review my attached resume for additional insight into my background. Thank you for your time and consideration.

Sincerely,

Manjunath Karamudi
